# GREEN ROOFS Technician Training Program

2022-1-PL01-KA220-HED-000086828

This is our final Green Roofs newsletter! 🌱

After two years of collaboration across Europe, the project is coming to a close - but its results will live on. Here's a look at our last updates and lasting impact.

Thank you for being part of this journey! ❤️

## Project Updates

### Green Roofs Moodle Platform – Learn at Your Own Pace

One of the key results of the project is our very own online learning platform: 🖱️ <https://moodle.greenroofsproject.eu/>

What you'll find inside:

**Sign Up** - start your learning journey in a few clicks

**Training Courses** - 5 structured modules (EQF Level 5), available in 8 languages

**Work & Internship Opportunities** - linking knowledge to real experience

**Quickstart Guide** – everything you need to get started easily.

Complete the courses, test your knowledge, and receive a **Green Roofs Technician certificate**.

## Why Green Roofs?

As the project closes, let's not forget the basics. In our modern cities, the question we should all ask is:

### WHY GREEN ROOFS?

1. Cleaner air
2. More biodiversity
3. Energy-efficient buildings
4. Healthier, happier communities

Green roofs are more than design - they're a step toward a sustainable future for us all.

## Final Meeting in Cyprus

The **Final Transnational Project Meeting** of the Green Roofs Project took place in **Nicosia, Cyprus** CY, hosted by our partner EAEC on **3–4 July 2025**.

Over two days of collaboration, reflection, and celebration, partners:

- ☒ Reviewed achievements and challenges
- ☒ Showcased key outputs, including the Moodle platform and training course
- ☒ Finalized dissemination and pilot results
- ☒ Discussed sustainability, exploitation, and next steps beyond the project's lifetime.

A big thank you to our coordinator, **Szymon Dawczyński from Politechnika Śląska (Poland)**, and to all partners for their dedication, expertise, and teamwork. Together, we've truly grown greener futures!

## Our 4<sup>th</sup> Infographic is Here! 🌿

Titled "Final Outcomes: Teaching, Training & Impact," our latest infographic is now available in **eight languages**!

👉 Check it out here: [Infographics](#)

## Final Conferences Across Europe

Each partner has successfully completed their FINAL CONFERENCE, spreading the project's results and engaging stakeholders in their own countries. Together, our work has reached communities all over Europe.

Here's a glimpse from some of our conferences: 🖱️

## Our Legacy

Though the project ends, our resources remain:

- The MOODLE PLATFORM – free, multilingual, and open to all learners.
- The PROJECT WEBSITE – your go-to place for handbooks, guidelines, infographics, and results.
